Leo:

Thank you for adding me to your distribution list. If there is anything we can do, don't hesitate to ask.

Subject: USS Lead Sitreps for the week of 9/12 and 9/19

Hi Everyone,

Several weeks ago I attempted to add everyone receiving this email to the mailing list for EPA's daily Situation Reports (Sitreps), which outline day-to-day work at the USS Lead Site. There were technical issues at the time (emails sent to your addresses by the listserv were bouncing), but I thought they had been resolved. Apparently they were not, and today I learned that you have not been receiving these reports. For that I can only offer my sincerest apologies.

I've reached out to the people managing the listserv with the hopes of fixing the problem, but until that happens, I will do my best to forward the reports to the group myself. You'll find that I've attached the Sitreps for last week and this week to this email. For what it's worth, and as you'll see, the Sitreps are largely cumulative—between each day, what mostly changes is the number of properties sampled, and the number of homes cleaned. This means that skimming the last few should give you a good sense of what previous Sitreps were like, and what conditions at the Site are like now.

Please let me know if you have any questions.

Best,

Leo
